*SafetyCross provides innovative products for you and your family to prepare for emergencies whether at home, at work, or out having fun. In our commitment to safety we annually donate a percentage of profits to key national charities and organizations that aid disaster relief efforts.*

# WaterLight Pro™

## WATERPROOF CRANK-POWERED FLASHLIGHT

### SPECIFICATIONS

- Watertight construction achieved through unique precision engineering.
- Submersible to a depth of 10 meters (33 feet).
- Seven super bright 20,000 MCD LED lights, five in the crown of the unit and two LEDs on the side.
- 3.6V 150MA rechargeable lithium power storage battery with a life of 500 complete charging cycles.
- Power generating crank lifts up for clockwise or counter-clockwise rotation.
- High-precision, molded and fitted, waterproof ABS body with PC mantle and soft TPR handle for superior durability.
- One minute of cranking will energize approximately 70% of storage battery capacity. A standard cranking rotation speed of 120 cycles for one minute will yield approximately 45 minutes of light from one LED, or 30 minutes of light from five LEDs. If the seven LED flashing position is selected, the seven LEDs will flash for approximately 90 minutes.
- Four-position control switch:
  - Position 1: One LED
  - Position 2: Five LEDs
  - Position 3: Seven flashing LEDs
  - Position 4: OFF

### **WARNING:**

LEDs are extremely bright and direct exposure to eyes may cause injury. Avoid shining LED into the eyes. Storage battery is most effective if not completely depleted before re-cranking. Great for individuals of all ages, but adult supervision is recommended for children at all times.

**WARRANTY:** SafetyCross Products have been designed based on the highest quality standards and are warranted against defects in material and workmanship for one year from the date of purchase. Damages caused by misuse, alteration or normal wear and tear are not covered under this warranty. Warranty is limited only to replacement of this product.

**Made in China**
